

## **GDHS Off To a Great Start**

A month back at Georgetown and Rebel pride is already flowing through everyone! Its great to be back, though some of us have classes at Gary Allen. It will all be worth it when the renovation is done, and students have new facilities to work with.

Many clubs have started up and there are many more to come! Student Parliament is working diligently at planning a Halloween Dance for students. SAC is busy getting Captain Rebel! <sup>TM</sup> (the school mascot) chosen and ready to make a guest appearance at many school events! The football season has started, debate team has a HUGE number of participants, and of course, the band is starting to get back to playing their wonderful music.

This year, grade nine students were welcomed by our senior Link Crew students. Link crew is a group of students who help smooth the transition from middle school to high school by talking to grade nine students, putting on events for them, and ultimately, just being there to help! We have heard nothing but good things from this program, and the Link Crew feel as if it is their job to pass on the knowledge and tricks to help new students unlock the secrets of GDHS.

This year is going to be the best school year we have had yet!

Liz Colter  
GDHS Prime Minister
